

# Steel Wire rope cutting machine WPM-880

Dimensions:length420mmxhight 297mmxwide345mm

Weight: 24kg

Display:LED digital display

Voltage:AC180V-240V≤50/60HZ

Power:120W—220W

Cutting length:0.1mm—15000mm

Cut core of conductor: 0.1—5.5(mm<sup>2</sup>) AWG10#—32#

Cut tolerance:0.002xLmm within ※L

Middle cut and strip:13 locate

Conduit Diameter:1.5mm—9mm

Cutter material:Tungsten steel

Drive mode:Four-wheel

Wire cutting2500—8000 piece /hour

Into the wire motor precision:eaction step motor,02mm/step

Remark function: automatic enter and out line ,auto timing start, wireless or knot autostop,99 mark program specialized use for Ultra short wire
